The Corporate Network for Disaster Response (CNDR) is a network of business groups and associations whose objective is to rationalize and institutionalize disaster management efforts from the business and NGO community during times of disasters. CNDR specializes in disaster prevention, mitigation and preparedness as well as emergency response.

By becoming a CNDR member you will be entitled to the following services rendered by the CNDR Secretariat:

- ✓ Capability-building on emergency response and emergency preparedness planning
- ✓ Partnership/Networking with other disaster-related government agencies
- ✓ Provision of timely information on disaster events
- ✓ Discounted registration fees to CNDR-sponsored symposia, workshops and seminars
- ✓ Conduct of Damages, Needs and Capacities Assessment (DNCA) for, and coordination on, emergency response
- ✓ Technical support in setting-up a disaster response unit in your organization/company
- ✓ Matching of expertise and resources and networking among members,
- ✓ Updates on disaster-related information and training programs
